

DUCH UNDER CABINET HEATER

The DUCH is a powerful heater with multi-watt and dual voltage capabilities that fits safely in your cabinet toe kick area. Whether chosen as a primary heat source for smaller rooms, or as a complementary source in large, open living areas, it's perfect for kitchens, bathrooms and stairwells.

BENEFITS

- Greater range of flexible installation with multi-volt and watt capabilities, from 450 up to 1800 watts maximum, and either 120, 208 or 240 volts
- White and black grille facings are included
- Discreet design provides the heat you need with its finned tubular element
- All metal surfaces are powder-coated paint to remove sharp edges and provide a durable finish
- Rest easy – includes high temperature safety shutoff
- Use with available built-in thermostat kit, or with a line voltage wall thermostat
- Designed and manufactured in the US

APPLICATIONS

Kitchens | Bathrooms | Laundry Rooms | Under cabinets | Stair risers | RV's
